

Adding sparkle to your presentations A 2-day course by Andrew Halfacre

Saturday April 28th and Sunday April 29th

To improve your presentations, add sparkle, and help you become a confident and compelling speaker, Andrew has offered to do a 2-day version of his “Adding sparkle to your presentations” session.

Why are we doing it?

People said that Andrew’s session went down really well. It was one of the most dynamic and practical sessions we have had. Lots of people said how good it was and how much they had learnt. Several said they wanted more time to do the exercises, practice and learn even more.

So, I asked Andrew if he could put together a longer session that would allow people to do far more and get more time to practice, embed the skills and learn even more.

Wonderfully, he said yes. He suggested that a two day workshop would work well so people got maximum benefit.

How much?

In the session, Andrew mentioned some similar 3 day courses that are £350-400 for the 3 days.

So, when I suggested £199 for the two days (incl VAT) he said I was mad! However, he has agreed to do it, (partly because you were so much fun).

Limited places?

To give maximum time for one to one coaching and so you get plenty of time to do things, Andrew wants to keep the group small. So, he has asked us to limit the offer to 12 places, on a first come, first served basis. Get in touch as soon as possible if you are interested.

The course is open to all, so if you have work colleagues, friends or know people who want to be come a better presenter, get them to contact me.

When?

Saturday April 28th and Sunday April 29th

Location?

Using the delightful Varrier Jones at Papworth Everard Centre, same room.
